central part of the island. Ride on a busy tarred road as you leave the urban centre around Stone Town and find other traffic dwindle within the first 20 or so kilometres of riding. Out of the main urban area enjoy the road lined by beautiful lush green tropical coastal forest consisting of a myriad of tropical fruit and other hardwood trees, such as Mango, Banana, Papaya, Lichee, Bungo, Lime, Cloves, the majestic East African Tall Coconut and much more. Stop at a fruit stall to see what is on offer and savour some delicious fruit.

Ride through the historical 'Mango Forest' of Bungi, consisting of over 300 magical ancient Mango trees of legend lining the road, through Jozani Forest and on to the southern tip of the island. From there ride on to Mtende Village to meet another ancient magical tree, a massive Baobab tree likely to be between 1,000 - 1,500 years of age. After a short visit to this magical tree, ride on through the village to the coastal cliffs overlooking the Indian Ocean. This is a spectacular part of the island and not as frequented as the busy beaches of the east coast.

Lunch at a small cozy restaurant on the cliffs of this beautiful location and from there ride a little further east and up along the east coast of the island, past the popular beaches of Jambiani Beach, Paje Beach (the island's kite surfing 'Mecca'), Bwejuu and Michamvi Beach. Stop at a beautiful location in Michamvi for a

coffee and spectacular view of the white beach and beautiful tidal lagoon in front of it. Tide permitting, swim in the ocean before heading off on your return trip to where the ride started from, so as to arrive by 17.00 hrs. **Trip ends.**
