lined by beautiful lush green tropical coastal forest consisting of a myriad of tropical fruit and other hardwood trees, such as Mango, Banana, Papaya, Lichee, Bungo, Lime, Cloves, the majestic East African Tall Coconut and much more. Stop at a fruit stall to see what is on offer and savour some delicious fruit.

Once at the spice farm, enjoy a guided tour of the farm whereby many of the spices Zanzibar is historically famous for are grown. Learn what they are used for and enjoy a delicious and savoury Swahili meal prepared using the spices grown on the farm. Lunch at the farm. After lunch, ride northward End the northern point in time to check into your carefully chosen and comfortable hotel for the night. Enjoy a relaxing calming swim into the warm clear waters prior to enjoying sundowners and a delicious dinner on the wood deck restaurant overlooking the stunning sea. Overnight at Langi Langi Beach Resort on the northern point of the island.

Day 2: For those up to it, wake up at dawn and walk through the village on a cultural tour that takes you to one of the largest fish landing sites on Unguja Island. Other than during full moons, a fleet of well over 100 traditionally built fishing Dhow's set off every evening to lay their drift nets in the open ocean waters that surround the northern tip of the island. The fleet lands its impressive catch at the landing site early every morning, which brings a good part of the entire village to the beach to witness what is brought in. The activities surrounding the auctioning, buying and selling, portioning and transporting of the catch are a sight to see. Walk through the mostly stone built houses to have an insight into Zanzibari culture surrounding a traditional fishing community.

and not as frequented as the busy beaches of the east coast. Soak in the view of this beautiful location from a small cozy restaurant on the cliffs while sipping a refreshing juice, or feel free to wander down to the beach and walk around. After a short stop, get back on the saddle of your motorcycle and ride out through the village and head a little further east and up along the east coast of the island, past the popular beach of Jambiani Beach.

Then head westward back towards Stone Town and detour to ride along a unique coral road carved through a tidal Mangrove forest connecting the main island of Zanzibar (*Unguja*) with the satellite island of Uzi. Ride across the island and gain an insight into Swahili cultural village life. Enjoy a Swahili seafood lunch and then head back across the coral road before the tide rises enough to prevent the crossing back to the main island. Ride back to Stone Town area so as to arrive at our centre to complete the trip. End of trip.
